# Car Scanner

by InMotion

**Slawek Potasz**  
CEO

**Isabel Potasz**  
COO

**Maciej Sajdak**  
CTO

Car Scanner introduces transparency and automatization into the car appraisal process with an autonomous robot performing car inspections. The company also offers a highly efficient parking enforcement system.

**Joseph Parenteau**  
CEO

**Tina Luu**  
Head of Technology

**Max Tims**  
Head of Operations

Fable is building the direct-to-consumer dinnerware lifestyle brand for millennials. Its product today consists of artisan-crafted dining essentials.

**Gurjot Narwal**  
CEO

**Miguel Vesco**  
CTO

**Reetmohinder Singh**  
COO & Growth

Gini Health is a diet and supplement company that delivers a personalized experience to customers based on their DNA, health goals, diet, and lifestyle data. The company also creates customized smart vitamins to supplement an individual's diet and lifestyle.

**Adam Roach**  
Co-founder

**Anya Switzer**  
Co-founder

Livelii is out to solve the main challenges freelancers face. This first-of-its-kind freelance invoicing platform, designed to favour the freelancer, transforms invoicing transactions into more gain and less of the pains that come with working independently.

 [@wearelance](https://twitter.com/wearelance)

 [livelii.io](https://livelii.io)

 [founders@livelii.io](mailto:founders@livelii.io)

**Jeremy Bell**  
CEO

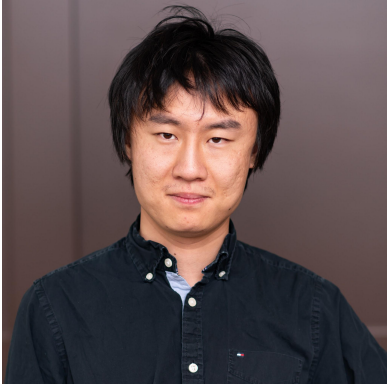

**Brian Faber**  
CTO

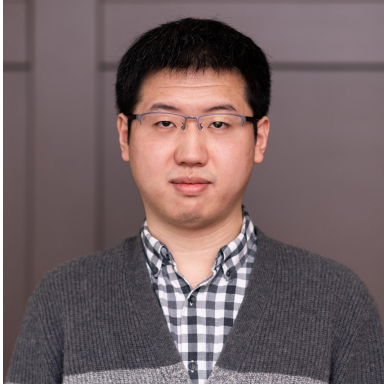

**Adam Day**  
COO

Mayday is looking to transform the calendar into a wellness and productivity tool. The startup's software analyzes how a user spends time, and recommends ways to best optimize each day.

**Jack Liu**  
CEO

**Tingcheng Cui**  
CTO

**Jim Russell**  
President

Orbiseed is building an AI powered platform that helps risk engineers increase efficiency in their work by automatically generating risk reports from field inspection data. This will allow commercial insurance companies with Fortune 100 and 500 clients to sell more, manage risks better and reduce expenses to generate higher profit margins.
